Project Name

75 Crawford Street Apartments

Project Description

Supply the main switchboard.

Thank you for the opportunity to submit our quotation for the above work. Our offer is based on any drawings, specifications and schedules as supplied by KSL Electrical.

Please note the following regarding our quotation:

- ▶ All cabinets will be powder coated.
- ▶ The switchboard will be fully populated other than meters and ripple control relays.
- ▶ Cables will be installed between the cabinet containing the MCB's and the metering cabinet.
- ▶ The switchboard will be complete with cable entry cabinets and neutral and earth stud bars.
- ▶ The meter box and adjacent cabinet are designed to hold a minimum of 10 meters and 9 ripple control relays.
- ▶ As discussed this price includes the sum of \$773.49 + GST for preparatory work already carried out.
- ▶ We have allowed for delivery costs to site.
- ▶ We have allowed for time to assist the onsite electrician with installation.

Our offer is exclusive of:

- ▶ Data
- ▶ Network access fees and charges
- ▶ Security installation
- ▶ Trenching, excavation and reinstatement
- ▶ Building or carpentry work.

Our price to complete this work is: \$5882.94 + GST

This quotation is valid for 30 days from the date of submission. Acceptance after 30 days will be subject to our written confirmation.

This quotation is subject to the terms and conditions of KSL Electrical

Confidentiality

The material provided in this tender is copyright and is not to be made available to a third party or reproduced without our written consent.

Basis Of Price

The quoted price is as set out above in New Zealand Dollars. GST, contingency, prime cost, provisional sums, monetary allowances are not included unless specifically detailed. All materials remain the property of KSL Electrical until paid for in full.

Free Issue Items

Where others provide materials or equipment for use in our installation our warranty extends to the installation of that item only, the warranty for the item remains with the provider.

Health And Safety

KSL Electrical actively promotes safe working practices on all sites and we require that you identify to us specific hazards applicable to the site. If any site inductions are required for access to site by our staff we expect these to be provided free of cost unless we have been notified otherwise in writing.

We trust that we have correctly interpreted your requirements for this work, if you have any questions or wish to discuss any points please do not hesitate to contact me.

Regards

Brian Bates
